

src/basic/src/GslVectorSpace.C

```
graph TD; A[src/basic/src/GslVectorSpace.C] --> B[queso/VectorSpace.h]; A --> C[queso/GslMatrix.h];
```

The diagram illustrates a dependency structure. At the top, a grey rectangular box contains the text 'src/basic/src/GslVectorSpace.C'. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box containing 'queso/VectorSpace.h'. The right arrow points to another white rectangular box containing 'queso/GslMatrix.h'. This indicates that the C source file depends on both of these header files.

queso/VectorSpace.h

queso/GslMatrix.h
